2” Screw Adjustable Leg Leveler
SKU: 28042

This 2” screw adjustable leg leveler, designed to provide stability and balance to desks, tables, and cabinets. Say goodbye to wobbly furniture and uneven surfaces, and say hello to a more comfortable and productive workspace. This leg leveler is the solution you need for maintaining a professional and organized office environment. Crafted from high-quality steel and nylon, our 2” screw adjustable leg leveler is built to withstand the daily demands of office life. Its robust design ensures long-lasting stability and durability. The leg leveler effectively eliminates wobbling and rocking caused by uneven floors. It provides a stable foundation, allowing you to work confidently without disturbances.
